## SHOOT DOWN THE STARS AND STRIPES

WASHINGTON, Aug. 12.—The flag of the United States consulate at Tabriz, Persia, has been shot down by loyalists, according to a dispatch received at the state department today from American Consul Doty at that place. The consul also reports that a man standing near the door of the consular office also was wounded. It is supposed here that the shooting is an incident of the disturbances which have been general at Tabriz for some time, and in both cases to have been accidental.

## NEVADA RANCHER ENDS HIS LIFE

RENO, Aug. 12.—George Marsh, one of the oldest ranchers in Nevada, planned for three weeks to commit suicide, but fearing intervention from his family, waited until he could send them away, and then shot himself through the breast. His body was found by his daughter yesterday. Marsh had been despondent for several months, and since the burning of his home last June had talked of taking his life. When the wife and children had gone away to spend Sunday in the mountains, Marsh loaded a 22-caliber rifle, and propping himself against the barn pulled the trigger. He died instantly. Marsh leaves a married daughter, Mrs. Park Wheeler, living in San Francisco. He was 72 years of age.

## COLLISION BETWEEN STRIKE-BREAKERS

WINNIPEG, Aug. 12.—The first collision between strike breakers and pickets occurred this evening when a strike breaker drew a knife after a picket had asked him to cease working. He was overpowered and disarmed and is now in jail. The manager for the strikers says he informed the company to bring on more strike breakers from the states. A movement has been started in the east to make Sir Thomas Shaughnessy arbitrator between the men and the company.

## JAPANESE ALLIANCE ONLY TEMPORARY

CHRISTCHURCH, N. Z., Aug. 11.—The newspapers here cordially welcomed the arrival in New Zealand waters of the American Atlantic fleet. The Christchurch Press in an article on the subject of the visit of the fleet, declares that the conclusion of the Anglo-Japanese alliance was only a "temporary matter," and professes to see in the future the United States and Great Britain as allies in the far east.

## BUTLER MAY BE HUGHES' OPPONENT

NEW YORK, Aug. 11.—President Nicholas Murray Butler of Columbia university to beat Hughes. That is the latest plan of the Republican leaders who are fighting to prevent the renomination of the governor. It has been suggested to President Roosevelt as proof of the willingness of the anti-Hughes people, to accept any man except the governor. Another name which the president and the national campaign managers have been asked to consider is that of Mayor Seth Low, who enjoys the confidence of the president.

If Roosevelt and the national leaders will accept either Butler or Low or unite on another man the score or more of "favorite sons" who are receiving votes in various sections of the state will be sidetracked and the state and county organizations swung into line for him.

The fight over the renomination of the governor will assume concrete form this week. The Republican state committee will meet tomorrow to select a date for the state convention. It will probably pick out Saratoga and September 14 to 21 as the time and place. No reference will be made to the governor, but it was announced tonight that 90 per cent of the leaders would make known their opposition to the renomination of the governor.
